

When you need the best of two worlds

7mm

# SD COMBAT

## MILITARY SPECIFIED 7mm

This suit is based on designated military specifications. The Swiss Army, the Portuguese Marine forces and some Special Police forces are equipped with this suit. This is an all black combat style suit with two expandable POWER POCKETS on the thighs.

Features include an anatomical design, super-stretch neoprene seals and unique 3-Dimensional hard-core rubber Knee Guards to mention just a few.

The SD Combat equipped with a metal non-mag dry zipper (military spec) bridges the gap between a Drysuit and a Wetsuit. Dry enough to keep the diver warm in colder water, yet still with the snug fit and nice feeling of a high-class wetsuit. Facilitates longer dives in warmer environment and lower air consumption due to less heat loss.

Available in 16 different Man sizes and 12 different Lady sizes.
